# WHY SHOULD YOU CHOOSE NIRAMIT LATEX PILLOWS AND MATTRESSES ?

Our natural latex pillows and mattresses are health products designed to reduce neck pain, back pain and snoring. We focus on continuous product development in order to help you sleep well through the night. In addition, the high-quality covers are selected and tailored for maximum comfort and suitable for users of all ages.

THE NIRAMIT LATEX PRODUCTS HAVE SPECIFIC PROPERTIES THAT ARE DIFFERENT FROM OTHER LATEX PRODUCTS AS FOLLOWS.

## • COMFORTABLE SLEEP

All parts are tested to be non-irritating to the skin of young babies.

## • PREMIUM GRADE RAW MATERIALS

Opt for breathable covers and fine threads.

## • LONG LIFE

With the process of heating with electromagnetic waves (RF waves) that are different from other brands.

## • BEING TRENDY

We have a product design and development team to create new and different products to the market.

## • CARING FOR THE ENVIRONMENT

Biodegradable raw materials are used in our production process. Alternative energy is selected and wastewater is treated before being recycled or released.

With the ergonomic design and meticulous attention to production mentioned above, this makes Niramit natural latex products help our customers get a good night's sleep without worrying about dust mites accumulation, fungi and bacteria. The health of every customer is therefore guaranteed with our quality products.

We continually improve and pay attention to every detail in every production process to produce standardized latex products and deliver an excellent sleep experience to our customers.
